

## WILSON ADDRESSES GRAIN DEALERS

Discusses Ways in Which  
American Commerce  
Can Be Expanded

SPEAKS EMPHATICALLY

Executive Expresses Regret  
that Politics Might Interfere  
With Discussion of Problems

URGES CO-OPERATION

BALTIMORE, Md., Sept. 25.—President Wilson delivered a speech almost devoid of politics before the National Grain Dealers convention here today. Discussing ways in which American commerce can be expanded he told an audience of 3,800 people that thru the new tariff commission, the trade commission, the federal reserve act, the shipping bill, and similar measures he expected business men in this country to open up a new era for the nation.

"The purpose of legislation in the immediate future in this country," Mr. Wilson declared, "is going to remove all ignominious constructions and make it perfectly clear what the liberties as well as what the restrictions of trade are in this country." When the President entered the Lyric theater here for his speech he was greeted with a four minute demonstration that kept him bowing again and again. A band playing "Dixie" and other popular tunes added to the din of the cheering and handclapping. The theater was packed with grain dealers from all parts of the country and their friends. Many were turned away. American and Maryland flags were used in the decorations.

The President spoke emphatically. Deep regret that politics might interfere with the discussion of problems facing American business was expressed by Mr. Wilson at the outset. He declared he had a supreme contempt for partisan action, "alho believing in 'party action.'" He urged that his audience divest itself "of the consciousness that we are in the midst of a political campaign."

When the President speaking of the nations of Latin America said his "chief concern" had been to see that "nothing was done that did not show friendship and good faith on our part," he was given the most prolonged applause of the speech.

Cooperation between the government and business men, between different business men and between business men and their employees was urged as the only way in which the United States can meet the competition of the world.

"My dream," he declared, "is that she will take her place in the great field in a new spirit, which the world has never seen before; not the spirit of those who would exclude others, but in the spirit of those who would excel others."

After saying that until the new banking and shipping laws were passed the hands of American business men were tied, the President discussed his ideals for the new tariff commission.

"We have admitted," he said, "that on the one side and on the other side we were talking theories and managing policies without a sufficient knowledge of the facts upon which we were acting." He added that he hoped he could find men for the commission, who will "see the facts and state them, no matter whose opinion those facts contradict."

## PRESENT EVIDENCE PORTRAYING LAWLESSNESS AT ROSICLARE

SPRINGFIELD, Ill., Sept. 25.—Governor Dunne today received a mass of documentary evidence presented by John H. Walker, president of the Illinois Federation of Labor, and Wm. H. Holly, a Chicago attorney, portraying a state of lawlessness at Rosiclare, Hardin county, where striking spar miners are said to have been driven from their homes by mine-owners. The operators' side was presented by former State Representative Durfee, of Goldconda.

As a result of the agitation for state intervention in the restoration of order, Gov. Dunne will probably send a personal representative to Rosiclare to investigate matters.

## PRACTICE WITH GATES CLOSED

Urbana, Ill., Sept. 25.—The University of Illinois started its second week of football practice with its gates closed today. Forty men were in uniform. Nelson, who is after the center position hurt his ankle during a scrimmage a few days ago but is expected out again soon.

## TERMS SO-CALLED BRITISH BLACKLIST A WHITE LIST

Commercial Attack of British Embassy Explains Term Blacklist has Created a Misunderstanding as to its Real Object.

New York Sept. 25.—The so called British "blacklist" of American firms was characterized by Richard Crawford, commercial attaché of the British embassy at Washington as a "white list," at a luncheon given in his honor here today by about 50 prominent bankers and heads of industrial corporations engaged in export trade. He explained that the term "blacklist" had created a misunderstanding as to its real objects and told his guests what was being done by the British government to minimize the censorship of business mail.

A committee of five is to be appointed from amongst those who attended the conference to take up with his embassy officials individual cases in which it may be possible to effect relief.

Sir Richard said the British government had already made arrangements to facilitate dispatch of shipping documents between the United States and neutral countries. By placing his mail in bags marked "shipping documents" it received prompt handling by a corps of censors at the port of arrival, enabling the mail to be forwarded without delay by the vessel carrying the goods to which they related.

## MAKE FEW CHANGES IN METHODIST UPPER IOWA CONFERENCE CHARGES

WATERLOO, Ia., Sept. 25.—Few changes were made in the Methodist charges of the upper Iowa conference according to the list read by Bishop F. J. McConnell of Denver, Colorado, at the closing session of the conference. No changes were made in Waterloo and Cedar Falls. Rev. A. J. Northrup, pastor of Marion the past year, was left without a charge and will accept a call to St. Anthony Park Methodist Episcopal church, St. Paul, Minn. Rev. A. N. Hanscom succeeds Rev. Northrup at Marion. Rev. M. J. Locke, for five years pastor at Independence is transferred to Clinton. Rev. C. L. Nye is given the Independence charge. Rev. W. F. Spry was re-appointed superintendent of the Waterloo district. Rev. R. L. Hunt but succeeds Rev. W. W. Carlton as superintendent of the Davenport district. Rev. F. P. Fisher was appointed for the East Dubuque church.

## RECEIVES AWARD OF \$12,834 FOR DAMAGES TO TROTTER HORSE

ALBANY, N. Y., Sept. 25.—An award of \$12,834 for damages arising from an accident to the trotting horse Gay Audobon, while training at the race track on the state fair grounds at Syracuse in 1913 was made by the court of claims today to James Y. Gatscomb, owner of the trotter. Gatscomb had been invited to train his horses at the fair grounds. A contractor stretched across the track a cable, against which the horse ran, injuring it self.

Before the accident Gay Audobon had trotted a mile in 2:03 3-4. His fastest mile after the accident and down to the time of the trial was 2:14 1-4.

## DECLINES TO ISSUE WARRANTS FOR HOYNE AND FIVE OF HIS AIDS

CHICAGO, Sept. 25.—Judge La. Buy in the municipal court declined today to issue warrants for the arrest of Maclay Hoyne, state's attorney, and five of his aids, charged by Charles E. Erbstein, with aiding and abetting his client, Mrs. Helen Evers, alleged decoy of a blackmailers' trust and attempting to force confessions from her by third degree methods.

Four convicts from the state prison at Joliet appeared before a grand jury to testify to charges by Hoyne that Erbstein and P. H. O'Donnell of counsel in the blackmailing cases had undertaken to induce them to make affidavits that Hoyne had persuaded them to give false testimony to convict James O'Dea Storen, a former police captain here, convicted of bribery.

## CHARGE COUPLE WITH MURDER

Akron, O., Sept. 25.—After detectives dug up the body of John Mrag here today in the garden at the home of Annie and Michael Zidicham, the couple was arrested on the charge of murder. The woman admitted tonight, according to the police that Saturday night, Mrag, who was a bearded man at the house, attempted to assault her, and that she beat and kicked him to death and then hid the body under three feet of earth in the garden. Zidicham today had reported Mrag as missing.

## REFUSE TO BUY POULTRY

New York, Sept. 25.—Incensed at poultry dealers for forcing up the price of kosher chickens, thousands of housewives, backed by the United Hebrew rades "went on strike" here today. The women declare they will not buy poultry until prices reach their proper level.

## HUGHES REPLIES TO WILSON'S STATEMENTS

ADDRESSES AUDIENCE IN MEMORIAL  
HALL AT DAYTON, OHIO

Nominee Assail's Administration for "Broken Promises and Extraneous Claims, Especially with Reference to Having Aided Business."

Dayton, O., Sept. 25.—Charles E. Hughes, addressing an audience in Memorial Hall here tonight replied to statements in President Wilson's speech of Saturday, in connection with the passage of the Adamson law.

President Wilson's declaration that he considered the eight hour day as a principle that was not arbitrable, was commented on in part as follows:

"It is said that the principle was not arbitrable. It is a very extraordinary statement for eighteen years ago, I believe, in the passage of the act to promote conciliation and arbitration with respect to disputes between interstate commerce employees and carriers, there was provision made for arbitration with respect to hours of labor, conditions of employment as well as of wages. And, in a bill, which I believe was signed during this administration during July 1915, the same provision, in I believe, substantially the same language was reenacted in the law providing for arbitration with respect to wages, conditions of employment and hours of labor.

"Of course the question of whether in a particular case that conditions exist which should provide for a certain number of hours of labor is a question requiring the most earnest consideration. But no one, in this controversy, to which I am now referring, had any idea of establishing an eight hour work day. The principle of the eight hour work day is not in any way involved. I protest against any endeavor to confuse the thought of America by talking about an eight hour work day when nothing of the sort has been enacted, nothing of the sort has been proposed, and the only thing that was proposed or enacted was a change in the schedule of wages.

"If there is anything more remarkable or regrettable than the effort to have it appear that an eight hour work day is involved, it is an attempt to draw an analogy between the case of legislation of that description and the action of our courts in dealing with rate cases.

"It has been stated, for example, that when a rate is fixed by law as a railroad rate or as a transportation rate and it is attacked as unconstitutional or confiscatory the supreme court of the United States has stated it would not declare the measure unconstitutional until the effect of the operation of the rate had been disclosed.

"It has been sought to draw an analogy between such a case and legislation in advance of inquiry. Now, our system of government requires careful study of facts, of a full understanding and it is of the utmost importance that the thought of our people should be kept clear with respect to the working of the various departments of the government. The courts have nothing to do with the question of the wisdom or policy of legislation.

"Questions of constitutionality came before the courts after the legislature has acted, presumably with knowledge of the facts and upon careful inquiry. The question that comes before the court is, whether after the legislature has presumably done its full duty in examining the facts, dealing with the facts, according to its judgment the act of the legislature should be declared void and of no effect because it exceeded executive power. The question before the court is whether it should be declared annulled because it was against the constitution of the state or an act of congress or against the constitution of the United States.

"When anyone comes into court charging that a rate act is contrary to the constitution of the state or of the United States, what does the court say to him? It says, 'before we will say to him? It says, 'before we will perform this extraordinary function of declaring a legislative act void, and of no effect, because unconstitutional, we insist that you, the plaintiff in this case, shall prove your case beyond any peradventure of doubt.'"

"When you come in before you are able to make such a case after a legislature in its wisdom and after examination has acted, and you endeavor to get the courts to thwart the will of the legislature the courts very properly say that it is not our province. You prove your case and if you haven't got the facts to show in advance of the operation of the law, that it operates to confiscate your property, we will not interfere with the operation of the law."

What has that to do, that sound rule of action, with the question of whether the legislature shall make the acts without inquiry at all. That proposition only needs to be stated to receive its proper condemnation. An illustration was put forward of the eighty cent gas rate in New York. It was suggested that the supreme court of the United States when the eighty cent gas rate came before it, said that it would not interfere until the rate had been tested. Is that a precedent for legislative action without inquiry?

## TELEGRAPHIC BRIEFS

CHICAGO—The Western Republican headquarters speakers' bureau has assigned Mrs. Lucinda G. Irish to speak at Danville, Ill., Sept. 29.

OTTAWA, Ill.—Judge Edgar Eldridge has issued a writ of injunction in the circuit court here to restrain members of the cement workers' union from picketing or interfering with workmen at the three factories in LaSalle and Oglesby where a strike has been on for four months.

SIoux CITY, Iowa.—The Sioux City Journal (evening) and the Sioux City Tribune (evening) has advanced the price from one cent to two cents, because, it was announced, of the increased cost of paper.

CAMBRIDGE Mass.—A freshman class estimated to number more than 700 was on hand for the opening of the 281st year at Harvard University.

CHICAGO—A large hotel for working girls and women is to be constructed in Chicago and conducted under Catholic auspices, Archbishop George W. Mundelein announced.

DANVILLE, Ill.—Miss Frances Bergan was instantly killed near Hoopston, Ill., when the automobile in which she was riding went into a ditch. Crestor Atchison, the driver, was blinded by the light of another automobile coming toward him and turned out too far, the machine overturning.

DANVILLE, Ill.—McFarren Davis, former editor of the Paris (Illinois) Beacon, is dead as a result of injuries sustained in an automobile accident near Danville August 27, when Professor John D. Shoop, superintendent of schools of Chicago, was seriously injured. Davis remained unconscious until the very last.

## ASK ARREST OF TWO MILITIAMEN FOR ASSAULT ON ROBINSON MAN

Springfield, Ill., Sept. 25.—The Springfield police tonight asked the military authorities at Camp Lincoln to arrest A. B. Melvin and George Fossell, members of Co. D, 1st Illinois Infantry, after it had been learned that Charles Coulter of Robinson, Ill., county clerk of Crawford county, was in a critical condition and not expected to recover at St. John's hospital in this city.

Coulter was assaulted several days ago while visiting at the state fair. He told the police that two soldiers knocked him down. Miller and Fossell were arrested and turned over to the officer in charge of their company and later released. Their arrest was ordered tonight when it was learned that Coulter had suffered a fracture of his skull.

## THREE HUNDRED AND FIFTY HORSES ENTERED IN PEORIA RACES

PEORIA, Ill., Sept. 25.—Three hundred and fifty horses are entered in the harness races which open here tomorrow in connection with the National Implement and Vehicle show. Twenty one horses are expected to get away in the 2:09 pace, the opening race tomorrow afternoon. The 2:11 trot the second on the car and the 2:18 trot the closing event of the day are expected to have fields even larger than the first race. A slight rain tonight put the track in nearly perfect condition. The harness races will cover a four day's session, ending Friday.

Two hundred and fifty running horses have been entered in the running races which begin on October 2, continuing for five days. The Interstate derby, the first ever run off in this section of the state will be held on October 6.

## DO NOT GIVE CHARGE ON WHICH GERMANS ARE HOLDING AMERICAN

WASHINGTON, Sept. 25.—Official state department advice today, reporting seizure of the Dutch steamer Prinz Hendrik by German warships, did not say on what charge Isador Polak, the naturalized American, removed from the vessel was being held. The department is investigating further.

Much significance is attached by officials to Germany's seizure of mail aboard the steamer. Some time ago Germany claimed the right to censor letter mail on the basis that The Hague convention, declaring the "inviolability" of such mail, had been rendered inoperative by failure of several of the belligerent nations to ratify it, but more recently the practice apparently had been discontinued.

## PRIMARIES WILL BE HELD THRUOUT STATE OF MASSACHUSETTS TODAY

BOSTON, Mass., Sept. 25.—Primaries for the nomination of Democratic, Republican and Prohibition candidates for the November election will be held thruout the state tomorrow. A slight vote is expected by leaders of all parties, as contests are few.

Greatest interest attaches to the Democratic gubernatorial fight in which Charles A. Cole, who recently resigned as adjutant general of the state militia and Frederick W. Mansfield, former state treasurer are the contestants.

On the Republican ticket headed by Gov. Samuel W. McCall, who is unopposed for renomination, the only contest is that for state auditor.

## URGE EXTRA SESSION TO DEAL WITH STRIKE

COMMITTEE OF LEGISLATORS EXPECTED TO MEET WHITMAN TODAY

Nearly Forty Percent of the 800,000 Union Workers in New York and Vicinity Have Avowed Their Intention of Quitting Their Places Wednesday.

New York, Sept. 25.—With labor leaders continuing their efforts to bring about a general suspension of work as an aid to the striking car men in this city, members of the state legislature from the metropolis at a meeting late today, decided to urge Governor Whitman to convene the legislature in extraordinary session to deal with the strike situation.

The governor arrived in the city tonight and it was expected a committee appointed by the legislators would wait upon him tomorrow.

Nearly 40 per cent of the 800,000 union workers in New York and vicinity have avowed their intention of quitting their places Wednesday according to Hugh Frayne, organizer of the American Federation of Labor. Discussion in labor circles not in sympathy with the plans of conference leaders took the form today of favoring a 48 hours "demonstration" rather than a general strike it was said.

The first accident on a subway line since the transit strike began Sept. 6, occurred today. Thirteen persons were injured, two seriously, in a rear-end collision at the 27th street station, where subway trains run on an elevated structure. The motorman of the rear train was arrested later.

Sporadic attempts at violence and several arrests in connection with the strike were reported by the police.

## SEVERAL GERMAN AIRSHIPS RAID COASTS OF ENGLAND

LONDON, Sept. 26.—"Several hostile airships crossed the east and northeast coasts of England between 11:30 and midnight last night," says an official communication issued shortly after midnight.

Bombs are reported to have been dropped at several places in northern and north and midland counties.

"An airship is also reported off the south coast.

"No reports of casualties or damage have been received."

Later the following official statement concerning the air raid was made public:

"Several hostile airships, probably six, visited the northeastern and southern counties during the night. Bombs were dropped in the northern counties and some casualties and damage are reported.

"Full reports have not yet been received."

## PROHIBITION CAMPAIGNERS GET FRIENDLY RECEPTIONS IN NEW MEXICO

Meetings at Gallup Has Picturesque Setting—Many Criticize Manner in Which 8-hour Bill was Enacted.

Albuquerque, N. M., Sept. 25.—Wet New Mexico gave the Prohibition national campaigners friendly receptions today when they invaded the state for two meetings after closing the Arizona campaign with speeches at Flagstaff and Winslow.

A meeting at Gallup had a picturesque setting. In the center of the ring of spectators, who circled about the rear platform of the train, was the town sprinkling cart. At one end of it were several Navajo Indians, who are denied liquor by federal statute, garbed in their gay robes. At the other end was a spectator that apparently having imbibed freely, indorsed the dry speeches with loud comment. Scattered in other parts of the ring were Mexicans, negroes, half a hundred school children dressed in white, and a small band of suffragists. Flanking the rim of the circle were several saloons.

J. Frank Hanly took occasion to criticize the manner in which the Adamson eight hour day bill was enacted.

"The Prohibition party is for the eight hours day," he said, "but it is for an eight hour day that shall be won by the fine sense of justice in the hearts of the American people and not by a bludgeon held as a threat in the city of Washington."

Landrith aroused applause at every stop today by declaring that universal suffrage was imminent. Women do not vote here.

## CALL ON COMMISSION TO BRING ABOUT RETURN OF CARS TO WEST

BALTIMORE, Md., Sept. 25.—A resolution submitted by Delegate Wayne of Illinois was unanimously adopted at the opening session here today of the annual convention of the Grain Dealers' National association, calling on the Interstate Commerce Commission to take action to bring about the immediate return to the west of railroad cars belonging to Western roads, but now held by the eastern railways.

It is claimed that the car shortage in the west is holding up thousands of bushels of grain in poor quality because of early frosts and if not immediately corrected will work havoc to many of the west's leading shippers.

## MEXICANS FAIL TO BRING ABOUT AGREEMENT ON WITHDRAWAL

Produce Reports Discounting Likelihood That Would Become a Menace to Peace Along the Border—American's Reports Less Optimistic

New London, Conn., Sept. 25.—The outstanding feature of the first meeting of the fourth week of the Mexican-American joint commission apparently was the repetition of the failure of the Mexican commissioners to bring about an agreement on the withdrawal of the American troops.

The Mexicans produced reports discounting likelihood that Villa would become a menace to peace along the border.

The American commissioners were in receipt of reports that placed the situation in a less optimistic light.

The Mexican representatives today admitted the existence of typhus and contagious diseases in many of the more important cities of Mexico.

An official account by Gen. Jacinto Trevino, of the attack on Chihuahua, was received tonight by the Mexican commissioners. The report says:

"Sixteenth September at dawn this town was attacked by group about 600 bandits apparently orders direct of Francisco Villa. At first were able to take penitentiary and government and federal palaces. First promptly dislodged; second besieged in palaces by infantry backed by our artillery whose good shooting destroyed this group. Survivors shot. Garrison remained loyal and did duty. Regret report some losses. Among wounded I must count myself although did not impede my directing combat until utter rout followed. Forces of General Cavaos and Huera Yargas which were coming in pursuit of bandits arrived here. Are organizing quickly to form column which under Gen. Matias Ramos will renew pursuit and will complete destruction. Reports show bandits carried off large number wounded."

## FEDERAL SURGEONS MAY LEAVE NEW YORK

New York, Sept. 25.—The marked decrease in the number of infantile cases reported for the last two days brought the announcement by the federal health service surgeons, inspecting interstate travel originating in this city that they would prepare to leave New York Oct. 1 if the same rate of decrease holds tomorrow. The government research experts, however, will remain for another month at least, it was stated. The public schools thruout the city opened today and it was estimated by the school authorities that from 10 to 15 per cent of school children were kept away by cautious parents.

## ENTENTE SCORES SUCCESSSES IN WEST

British Capture Important  
Towns of Les Boueffs  
and Morval

FRENCH TAKE RANCOURT

Berlin Reports Repulse of Russian Attacks in Volhynia and the Carpathians

PETROGRAD STILL SILENT

Attacking simultaneously on an arc of 15 miles, running from Martinpuch to the Somme, the British and French forces have delivered another smashing blow on the German lines and pushed forward their positions for notable gains.

From Martinpuch to Combles, a distance of six miles, the British have driven in their wedge to a depth of more than a mile, and captured in the attack the important strategic towns of Les Boueffs and Morval, the latter a scant mile north of Combles.

To the French fell the town of Rancourt, two miles east, and the outskirts of Fregicourt, one mile northeast of Combles. In addition trenches near Fregicourt in the vicinity of Bouchevignes and to the south from the vicinity of Canal Du Nord to the Somme were taken.

The capture of Morval by the British and of part of Fregicourt by the French apparently seals the fate of Combles, which the Germans have determinedly held for weeks, despite the violent attacks thrown against it. The defenders of the virtually surrounded town have left to them for escape only the valley, a mile in width, running north-northeast, and in the traversing of which they must come under the guns of the British and French respectively from Morval and the vicinity of Fregicourt.

Another notable step in their approach upon Peronne is marked in the capture by the French of trenches in the canal Du Nord region.

Berlin reports the repulse of Russian attacks in Volhynia, Galicia and the Carpathian mountains. Petrograd is still silent as to the operations on the eastern front, but unofficial advice say the Russians have begun a new offensive on a large scale in the hope of putting down the counter attacks of the Teutons and piercing their front before winter sets in.

The Roumanians are still struggling for supremacy over the Teutonic Allies in the Szurduk and Vulcan passes of the Transylvanian Alps, but according to Berlin all their attacks have been repulsed.

In the Macedonian campaign continued reports of success for the entente allies come from their various war chancelleries. West of Florina, the Russians have captured a hill from the Bulgars; the Serbians have crossed the frontier into their own country and reached a position north of Krusograd, while the French northeast of Florina have penetrated the outskirts of Petrak. The British to the north of Lake Thahno on the eastern end of the battle line also report an advance but Berlin says all their attacks were repulsed.

Aside from the capture by the Italians of an important mountain peak on the Treviso front, only bombardments have taken place in the Austro-Italian theatre.

## HOLD M'DANIEL WITHOUT BOND

St. Joseph, Mo., Sept. 25.—Oscar D. McDaniel, prosecuting attorney of Buchanan county, was arraigned late today before Judge Wilson on a state charge of having murdered his wife, Mrs. Harriet Moss McDaniel on the night of July 15. His application for bond was refused and the preliminary hearing of the case was set for Wednesday. McDaniel, during the arraignment, asked that he be given an early hearing.

Princeton graduates, it is said, are not enthusing over the invitation issued by the Democratic national committee to join in a movement to support President Wilson. It has been stated on definite authority that out of 200 letters sent to graduates of Princeton, enlisting their support, only eighteen favorable replies have been received. Many other replies have come in of a disconcerting tenor, declaring that the writers supported Mr. Wilson in 1912 but have not been pleased with his policies, especially those relating to foreign affairs.

#### 100 Years Old

With the remarkable record of having established over a hundred and twenty thousand Sunday schools throughout the country, with half a million teachers and five million scholars, the American Sunday-School Union is now preparing to celebrate its one hundredth anniversary. The society has issued an interesting pamphlet concerning its history and work and also a leaflet entitled, "Sunday-School Pioneering in Rural America." The latter relates some of the amazing experiences of the society's missionaries in the wild and undeveloped sections of the country. Both of these pamphlets will be mailed upon request to all interested in knowing more about this unique organization which stands alone and unequalled in community development work in rural America. The headquarters of the Society are at 1816 Chestnut Street, Philadelphia, Pa.

#### Mr. Hull Nominated

Morton D. Hull, in addition to being a candidate for Republican nomination for governor, in the recent primary, was also honored by receiving 18 or 20 ballots as candidate for the Progressive nomination. He is, therefore, entitled to a certificate from the secretary of state indicating that he is the Progressive nominee. Mr. Hull on the night of the primary election telegraphed his congratulations to Colonel Lowden and pledged himself to support the nominee, so that it is confidently hoped that he will file with the secretary of state his formal withdrawal as a Progressive nominee so that his name will not be upon the ballot. Senator Hull has been a valued member of the general assembly and his pledge to help make the next administration a success was worth while, for his experience and influence will be of value to the next governor.

#### Wilson and Huerta

Gov. Hughes, discussing the question as to whether he would have recognized Huerta, has declared that it was within the province of the Administration, in being in possession of all the facts, to determine whether or not Huerta should be recognized, but as he has declared in unequivocal terms that there was no warrant whatever for Mr. Wilson's course in interfering in Mexican affairs and insisting upon the

elimination of Huerta. In proof that Mr. Wilson did adopt that course, Mr. Hughes quotes a secret message sent to John Lind by President Wilson, which reads:

"Huerta will be put out if he does not get out. It is the preference of the President that it should be accomplished by domestic means if possible, but if it cannot be done by domestic means, other means adequate for the purpose will be resorted to."

Instead of protecting American citizens in their lives and property, says Mr. Hughes, "we intermeddled with Mexican affairs in a way which forfeited us the esteem that we should have enjoyed, and finally resulted in leaving Mexico to the ravages of revolution, without protecting our citizens or the citizens of any other country. We left them to an anarchy which was indescribable and to atrocities which will not bear repetition in polite society."

#### "WO-DROW'S VIEWS."

I thought we'd settled all that stuffing about the whiskers worn by Hughes; I'm sure Walt Mason must be bluffing, or just an airing of his views. When he to Woodrow went a faring, and listened to that hang-down rot, 'twas then they almost set me swearing because of "hang-downs" they forgot. Far better had they gone a quizzing about the strikes and dinner pails, than watching people's hair a frizzing; a greater error Hughes assails. The hair on people's faces growing, Hughes says is nothing to compare, with things the people should be knowing, 'bout hash that's served as White House fare. 'Tis not ch' whiskers he's assailing, but "hang-downs" that are nation wide, and he is tackling, never failing, to razor them is Hughes' pride. He thinks the White House needs a cleaning and he is saving mug and strop, this is the news that I've been gleaming, that he knows how they're keeping shop. He says the statesman must be weeping whose feet once trod those marble floor; that in their graves they can't be sleeping, and may come pounding at our doors. So now his razor he is stroping, but not for whiskers on the face; he'll keep the Woodrowites a hopping till all have hopped from out the place.

—S. A. Hughes.

#### Wilson and Suffrage

(From the San Francisco Chronicle)  
The position of the leaders of the movement for the extension of the suffrage to women is that Wilson, by refusing to lend the influence of his name and office to the national suffrage movement, is catering to the sentiment of the solid South, on which rests his only hope of re-election.

The South is utterly and persistently opposed to equal suffrage, and will remain so. It controls, and is likely to control for years to come, the policies and the action of the Democratic party.

There is not the slightest hope of any action by Congress looking for the extension of the elective franchise to women anywhere so long as there is a Democratic majority in either house.

While the president has officially nothing to do with submission of the amendments to the constitution of the United States, unofficially and as the leader of his party he can have a great deal to do in all matters relating to party action. And that influence will be no less potent and effective because not exercised officially or in the open.

It is for this reason that women generally in all the states in which they have the elective franchise are making the position of Wilson on this subject the paramount issue of the campaign—paramount because it concerns what they want most and first—and are openly and officially declaring their opposition to Wilson and their support of Hughes.

#### Even Beer Will Be Higher

The advance in prices is by no means confined to the necessities of life and in a number of instances cigar jobbers have already announced advances which are necessitated by the increase in the cost of leaf tobacco. Now comes the announcement which will cause thousands to worry, even in local option territory, for the price of beer is to be advanced. Brewers declare that the high prices they are now compelled to pay for barley malt have caused the advance on their product. The present price of barley malt is \$1.25 a bushel, which is an increase of 53c over the high price of last year. Predictions are that the top of the market has not yet been reached. Advocates of total abstinence will take pleasure in this advancing beer market but their joy is unfounded, for statistics show that the increase in price on articles not classed as necessary does not curtail the consumption to any marked degree.

#### Movies in The Class Room

While the use of the motion picture for class room work is not new, having been introduced a year or two since, there has been recently a marked increase in the number of schools where the movie has become an adjunct of the teaching equipment. The uses in the Minneapolis schools have caused a special comment. There in several grade and high schools the motion pictures are used as an aid in commercial and industrial instruction as well as history, geography, zoology and botany. By this means industrial classes have the opportunity to watch the manufacture of any given article through the entire process and are thus given quicker and fuller understanding of the matter than could be accomplished in any other

way. The introduction of the pictures is said to have vastly increased the interest of the pupils in history and the same has been true of zoology, where the pictures of animals and their habits and manner of life have made the subject intensely interesting.

There are still other studies to which the motion picture can appropriately be applied, and in this day of forward educational methods it will probably not be long until that development comes. The stereopticon slide in certain branches of class work has been used for years, but the scope of the work is very limited and serves mainly as a suggestion of what the movies will accomplish in an educational way.

#### Law to Regulate Wealth Effective Today

A law which it is hoped may be largely beneficial in the business and commerce of the country will become effective today. This law is a clause of the anti-trust act, making unlawful interlocking directorates. The purpose is to make a monopoly of money impossible. Under the new statute it becomes unlawful for a person to be "a director or other officer or employee in more than one bank, banking association or trust company, the deposits, capital, surplus and undivided profits of either of which aggregate more than \$5,000,000." Neither may a person be "a director in any two or more corporations any one of which has capital, surplus and undivided profits aggregating more than \$1,000,000," and which is "engaged in whole or in part in commerce, if such corporations are, or shall have heretofore, competitors, so that the elimination of competition by agreement between them would constitute a violation of the anti-trust laws."

To be really effective the new law should have had another clause preventing "gentlemen's agreements" for men representing the moneyed interests are very apt to find some means of getting together even if their names do not appear in the published list of the directorates of the corporations they represent. It must be remembered too, that not all monopolies and combinations are bad, or detrimental to public interest, and more than one instance is on record wherein the moneyed interests by united action have saved the country from financial panic.

#### The Influence of Bankers

Bankers from all parts of the United States are assembling in Kansas City for the annual convention of the American Bankers association. Five thousand delegates will attend and the first formal program will be held Thursday. The subjects to be discussed will be somewhat technical and yet of general interest. It is a matter for discussion as to whether bankers realize just how great is their influence and how important a place they occupy in not only the business life but in the social welfare of each community.

In the average city or town any movement for the betterment of the community is not complete unless the active support of some banker has been enlisted. The banker who has greater ideals than mere money getting is of vast benefit to any community. In banking, just as in other lines of business and in the professions, there are jealousies and fortune indeed, is that city or community where all the banking institutions are working together, not only for their own private business but for the business upbuilding and civic betterment of the entire community.

It is not too much to say that by a sincere and united effort the banks of any city or community can accomplish anything that is attainable from a human standpoint.

#### WOMEN IN THE NEWS

Hattie K. Howard, a leader in suffragist ranks in the west, has Louisville Jockey Club, at Louisville Progressive ticket in the first Colorado nominated for Congress on the radio district.

An alimony of \$60,000, believed to be the largest ever granted in Iowa, was recently awarded Mrs. Bridget Callahan of Mason City in her divorce from Utrick Callahan, a wealthy landholder.

Mrs. Sidney Philip Munroe of Fall River Mass., formerly Miss Sarah Medford of the same state, had the unusual experience at her recent wedding to wear a gown made of material manufactured by the groom, who is a textile expert.

Miss Loraine Wyman, a young American singer and diseuse, has been making a most interesting and valuable investigation of American folk-song such as found among the Southern mountain folk of the Appalachian range, who constitute the purest English stock in the country, as yet absolutely free from intermixture from the later immigration which have brought other European strains to nearly every section of the United States. As this day no railroads have penetrated the district and illiteracy is the rule. The transmission of song from one generation was therefore wholly by tradition, though some eight or ten generations, the children learning to sing at the mother's knee the songs she had inherited from her own mother. Miss Wyman is very enthusiastic about what she calls these "wild flowers of music," which have never before now been annotated. In many cases great modifications have come, as was to be ex-

## NEW LUBRICANT RESISTS HEAT PREVENTS RAPID SEDIMENTATION

Ordinary oil breaks down under the terrific heat of an automobile engine. Within a few hours, black sediment is formed which partially clogs down the remaining lubrication from the friction points where lubrication is most vital. Such under-supply of oil causes friction between the metal surfaces, intense heat, loss of power and expensive repairs.

The new lubricant that resists heat prevents rapid sedimentation, insures generous lubrication, and, except where mechanical faults exist, prevents carbon.

**Relative Oil Destruction**  
The contents of the bottles shown, illustrate the relative durability of ordinary oil and of Veedol, the new lubricant that resists heat. Veedol deposits only a small fraction as much sediment as ordinary oils. There is a fundamental difference between ordinary oils and Veedol. Ordinary oils are unstable and therefore unserviceable because of non-heat-resisting chemical structure. Special processes of manufacture developed by this company and the use of Pennsylvania paraffine-base crude oil give Veedol, the new lubricant, its unusual chemical structure, and its remarkable heat-resisting ability.

**Make this test**  
Clean out the crank case. Fill with kerosene. Run the motor about thirty seconds under its own power; then draw out all kerosene and refill with Veedol. Now make a test run over a familiar road—up steep hills and along straight, level stretches. Keep a record of oil and gasoline mileage.

You will find that your motor has altogether new pickup and hill climbing ability. Veedol enables you to get the maximum mechanical efficiency from your car and to reduce your expenses. Get a five-gallon can of Veedol, and make this convincing road test.

Entirely new versions in some cases have sprung up, due to the inspiration of some mountain piet or musician who little dreamt that he was "composing." The mountain folk have given to their sad, slow melodies the picturesque name of "lonesome tunes" while they call the lively and merry ones "fast music."

GOOD ATHLETIC PROSPECTS AT  
ROUTT COLLEGE THIS YEAR

Four Old Men on Hand for Basketball—Both College and Parochial Schools Begin Year in Auspicious Manner—Athletic Elections.

Both at Routt college and in the parochial schools attendance is better than last year and indications are excellent for a successful year in every line. The new college faculty has the work well in hand and in the parochial schools three new teachers have completed their first week.

Elections Monday completed the organization for the school of athletic activity. Plans for literary work will be formulated at an early date. Prof. James F. Conlin will have the direction of athletic matters and as such will be coach as well as moderator, of the athletic association. Following are the association officers:

President—William Rook.  
Vice President—Miss Grace Alexander.

Secretary—Miss Helen Butler.  
Treasurer—Thomas M. Walsh.  
Basketball manager—William Kennedy.  
Basketball captain—Isadore Frolich.

Student members board of control—William Rook, Gerald Craugh, and Miss Margaret Walsh.

In the faculty of the college there has been an entire change in teaching force. Rev. Father F. F. Formaz, president of the college, has this year no regular college classes under his instruction. Lawrence Thompson, who has in charge the work in English, comes to Jacksonville from New York City. Mr. Conlin is instructor in Latin. He came to this city from Worcester, Mass. A. G. Rosa, who is professor of chemistry, is from Philadelphia; Miss Catherine Van Order, in charge of home economics, is from Ithaca, N. Y.

In the parochial schools the 7th and 8th grades are in charge of Sister Antonette; Sister Barbara is teacher in charge of the 1st and 2nd grades and Sister Stephana has the 3rd grade in charge. The new teachers are Sister Euphrasia, 6th grade; Sister Monica, 5th grade and Sister Henrica, 4th grade. The buildings have been re-painted and re-decorated thruout.

Interest is lent the athletic situation by the fact that old players, in attendance this year without doubt insure the existence of a strong team. Neither Routt college high school nor the college proper, engage in football and this fact makes it possible for the basketball players to begin practice very early in the season. Experienced players still in school include Wolfe, who has done good work at center; Clement Leary, guard; Isadore Frolich and Thomas J. Walsh, who have played forward. The formal practice has not yet begun, it seems probable that a number will come out for the game and if proper interest is manifested the college will have two good basketball teams, one in the high school and another in the college department.

## "RAMONA" SCORES BIG SUCCESS

"Ramona", Helen Hunt Jackson's famous story, was seen in motion pictures at the Grand Opera house Monday. Matinee and night performances were given and the opera house was crowded for both. The earlier announcement made by Manager Johnson about the attraction were fully carried out, and the hundreds of persons who witnessed the production were unanimous in their approval. There are 1,000 separate and distinct scenes in "Ramona" and it required eight months' preparation to complete the picture with its wealth of detail. Manager Johnson conferred a real favor on the community in presenting such a high class attraction.

## CHANGES AT C. B. &amp; Q.

Beginning Monday E. J. Christopher began work as first truck operator at the C. B. & Q. depot, T. H. Agnew returned to work on the second truck after a few weeks' absence on account of a broken foot and F. L. Dennis took the third truck. M. H. Cole, who was on the first truck has taken the third truck position at Keysport and L. Traubner, who was relieving Mr. Agnew, has returned to his home in Franklin. Mr. Dennis came from Waverly to take the third truck place here.

## RETURNS FROM CONVENTION

Mrs. Myrtle W. Taney has returned from Chattanooga, Tenn., where she attended annual convention of the National association of Rebekah Assemblies. Mrs. Taney was elected marshal, having served the past year as conductor of the national association.

Twenty-six states now have membership in the national association and it is hoped that by next year, all states will be represented and the national association of Rebekah assemblies will bear the same relation to the Sovereign Grand Lodge of Odd Fellows that the state assemblies do to the grand lodge organizations of the several states.

## BAPTISMAL SERVICE.

When Alpha Wadsworth Applebee, little son of Dr. and Mrs. Alpha B. Applebee, was christened Sunday afternoon at the residence of Mr. and Mrs. E. E. Crabtree, the minister, Rev. F. B. Madden, used water brought from the river Jordan by the late Felix G. Farrell. All grandchildren have been baptized in this manner. Only immediate relatives were present Sunday afternoon.

## MORTUARY

Yates.

Mrs. Mary Holmes Yates passed away at her home in Pittsfield Sunday at six p. m. after an illness of some duration with pneumonia.

Mrs. Yates was the daughter of Abisha and Frances Sharpe and was born at the family residence near Griggsville Dec. 20, 1846 and the greater part of her life was spent in that locality and in Pittsfield. She attended the Young Ladies Athenaeum in this city for a time and devoted herself especially to art in which she was quite proficient. Her work was sought on many occasions and at fairs and other places her work and her talent were much in demand as judge an on arranging and managing committees in the art department. At home her influence was felt and residence was indeed one where love dwelt supreme. She was a devoted and loving wife and her affection was fully reciprocated and peace and harmony were ever the characteristics of that dwelling. In church and society she was ever active and popular and was always ready to do good and use her influence for the welfare and happiness of all with whom she came in contact. Her exquisite taste, her wide fund of knowledge and remarkable capacity for organization often led her to overtaxing her strength but her strong will and determination kept her up when many would have desisted.

She was married Jan. 1, 1890 to Col. Edward Yates and they have always been peculiarly devoted to each other with loving constancy and self forgetfulness. She was a member of the Congregational church and ever active in its affairs for good as well as in many other directions in many ways.

She is survived by her husband, three brothers, F. L. Sharpe of this city, Joseph K. of Milwaukee, Charles of the vicinity of Decatur and one sister, Mrs. Lew H. Pratt of Springfield.

The funeral will be conducted at 10:30 a. m. today.

Willis Stone died at the home of his sister, Mrs. Samuel Roberts, 344 Sharpe street Monday morning at 6:30 o'clock after an illness of six weeks. He was born in Tennessee and came to Illinois in 1883. He was married to Miss Pearl Dirksen in this city who with seven children survives. His mother and two sisters also survive. Deceased was a coal hauler by occupation and was an industrious man, held the regard of all who knew him. He was for many years a member of the Methodist church.

Funeral services will be held from Bethel M. E. church Wednesday afternoon at 2:30 o'clock in charge of the Rev. J. E. Carter with interment in Jacksonville cemetery.

The infant daughter of Mr. and Mrs. John Carrigan died Sunday night at 9 o'clock at the family home three miles north of Murrayville. The child was 11 months and 19 old of age. The funeral will be held this morning at 9:30 o'clock at St. Bartholomew's church in Murrayville, with services in charge of Rev. Father Flynn.

## NEIGHBORS GAVE

SURPRISE PARTY.

Neighbors and friends of Mr. and Mrs. B. D. Green, living north of Jacksonville, gave them a surprise recently. The visitors took many baskets of good things with them and a splendid dinner was served at noon. The day was one which will long be remembered with pleasure. The company included Mrs. Thomas Long and son, Miss Lillie Long, Bud Long, Mr. and Mrs. James Behymer, Miss Minnie Towler, Miss Velma Behymer, Miss Mamie Towler, Albert Anderson, Marshall Shackel, Ben Carter, Mr. and Mrs. George Wasner, Misses Martha and Daisy Perry, Gussie, Hazel, Sallie and Martha Green, Fred Perry, Gerald Green and Benedict Green.

## PROHIBITION PRESIDENTIAL

CANDIDATE COMING.

J. Frank Hanly, candidate for president of the United States on the Prohibition ticket, and his running mate, Ira Landrith, candidate for vice president, will visit Jacksonville Tuesday, October 10. They will travel on a special train which will arrive over the Chicago & Alton at 9:45 a. m. A meeting will be held under the auspices of a local committee and the candidates will speak from the platform of the train. After speaking here the special train will go to Mt. Sterling over the Wabash.

## WILL MEET TEACHERS

Professor Austin E. Wilber of Illinois State Normal will meet at the high school building tonight at 7:30 o'clock all who are interested in extension work. A class in elementary sociology will be organized and other classes for which there may be a demand. All teachers of the community are at liberty to join these classes and should attend the meeting tonight.

## A MEDICINE OF MERIT

The great sale of Lydia E. Pinkham's Vegetable Compound all over this land is the result of genuine merit. The reason is that this good old fashioned root and herb medicine actually helps those suffering from the ailments peculiar to women. If it did not, would not the women of America have found it out in forty years, so that few of them would buy?—Adv.

his contract, so that Mr. Friend will assume his new duties at once.

His rise in the automobile field has been rapid and with his experience he is probably one of the most versatile men in the automobile field occupying this important position. His experience covers the rise of the automobile since its inception, and it may be said there is no one with the exception of John W. Bate who has a more intimate knowledge of the Mitchell product, policy, organization and needs.

Entering the automobile field in 1904 he was the leading retail salesman connected with the Mitchell Automobile Company of Chicago and the records he established at the time are still held up as examples for the rising generation.

In 1908 he secured the agency for Mitchell cars in Milwaukee, and his success was such that the Mitchell factory at Raino determined to add Friend to the factory organization,

He was appointed purchasing agent of the Mitchell Company and rapidly earned his way successively through to Factory Manager. From that position he was moved on to the Sales Department as Advertising Manager, then to Assistant Sales Manager and in 1913 spent a year in Europe straightening out the Company's affairs and studying the foreign manufacturing and selling field. This rounded out his experience and made him a particularly valuable man for their rapidly expanding foreign trade and on his return he was made General Sales Manager.

## The national guard

For defense against invasion, our real national guard is the millions of stalwart, young Americans in all walks of life, who must respond to their country's call for training and service in the ranks of our army and navy. For defense against invasion of the elements CERTAIN-TEED Roofing is the real "national guard".

## Certain-teed Roofing

protects our buildings from the violence of storms; successfully resists the attacks of rain, hail, sleet and snow; is unaffected by the sharp assaults of frost, and the withering fire of mid-summer sun. It even withstands the ravages of time, for CERTAIN-TEED Roofing is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it will out-last the period of guarantee.

The long life of CERTAIN-TEED is due to the fact that it does not dry out, as ordinary roofing does. This is because it is made of the best quality roofing felt, thoroughly saturated with a blend of soft asphalts—the formula of the General's Board of Expert Chemists. This soft saturation is then covered with a coating of a harder blend of asphalts, which prevents the drying-out process, and keeps CERTAIN-TEED impervious to the elements for years after the harder, drier kinds of roofing have dried out and gone.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED Roofing for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

### TWO COLORED MEN SHOT IN SUNDAY AFTERNOON ROW

Dick Lyons and Terry Strawn at Passavant and Doc Berry Under Arrest—Drink of Whiskey Caused the Trouble.

Dick Lyons and Terry Strawn are in Passavant Hospital suffering from severe wounds and Doc Berry is held at the county jail on the charge of assault with intent to kill, as the result of a shooting affray in Cox street about 3:45 o'clock Sunday afternoon.

An argument over twenty cents contributed by Berry toward the purchase of a pint of whiskey caused the trouble, according to the story told by Berry in his cell at the police station Monday morning.

Berry said he was at the residence of Arch Black Sunday afternoon in company with Lyons, Strawn and several others. He was asked to put in some money for a pint of whiskey. He contributed the necessary twenty cents and had occasion to leave the house for a few minutes. When he returned the liquor was gone, likewise his twenty cents.

He asked what had become of the whiskey and was told that it was gone, that they did not propose to wait all day for him to come back. Berry says he then declared himself and said he either wanted a drink of whiskey or his twenty cents. He was told that he would not get his twenty cents and that if he wanted any whiskey he would have to make another contribution.

This he refused to do and words were passed and he was ejected from the house. Berry says he then made up his mind to get his twenty cents back or something else. He went to his home and secured a .32 caliber revolver and started back to Black's house.

On the way he met Lyons and asked him to give him a nickel or a dime or something. Lyons, according to Berry's story started toward him and he fired, the bullet striking Lyons in the right arm and passing thru it and entering the body, ranging back under the shoulder blade.

Then Berry said Strawn said he would get him. Berry said Strawn started after him and he fired a shot at him. The bullet struck Strawn in the left side of the neck and ranged around to the back of the neck near the spine. The shot did not stop Strawn who reached Berry and grappled with him throwing him to the ground. Berry said he asked those near to take Strawn off him. No one interfered and Strawn took the revolver away from Berry. Berry got to his feet and ran. He said he went over near the Daub residence and laid down in the weeds and went to sleep. When he awakened he went back

to Cox street and was told that the police were looking for him. He then went to the station and gave himself up.

A call was sent to the police station shortly after the affair and Officer Jordan was sent to the scene of the shooting. He procured two vehicles and took Lyons and Strawn to Passavant hospital where they received attention.

Berry seems to be a good sort of a fellow. He came here from Fulton county, Mo., and has been in the employ of J. Cohen & Son. Lyons has lived here a number of years, while Strawn has only been here a few weeks. Berry does not seem to realize the seriousness of his offense. While talking yesterday morning he laughed several times while telling the story of the shooting. Among other things he said that he was full of 9-5, which probably is a new name for bootleg whiskey.

It was at first reported that both Lyons and Strawn would die. Now it is thought that their wounds will not prove serious and they probably will be out in a few days.

### CITY COUNCIL WILL GET AFTER THE PLUMBERS

Failure to Put Back Dirt Properly Will Bring Penalty—Sidewalk Ordinances are Read

Little aside from routine business was transacted by the city council Monday morning, most of the time being taken up with a discussion of the opening of unpaved streets by plumbers.

It seems that in the opening of South Clay avenue for water pipe and sewer the plumbers having the contract have not filled the trench properly. This matter was reported by Commissioner Cox. All of the members of the council were of the opinion that where plumbers opening an unpaved street refuse to put back the dirt properly they should be refused permits thereafter. Mayor Rodgers was especially emphatic in the matter and it was the sense of the council that a resolution be drafted and adopted by the council covering the matter and a copy sent to all the plumbers and others who open public highways.

**Proceedings**  
The roll call showed all members present, Mayor Rodgers presiding. The clerk read the minutes of the last regular meeting which were approved as read.

Under the department of public affairs, Mayor Rodgers reported that many sidewalks were being laid in compliance with ordinances recently passed.

Commissioner Cox reported that a number of property owners on South East street and North Diamond street were anxious to get the proper grade so they could proceed with the laying of walks.

Commissioner Cox also reported that where plumbers had laid sewers in South Clay avenue the work of refilling the excavation had not been done in a satisfactory manner. Commissioner Cox said he had taken the matter up with the parties doing the work but had as yet been unable to get much satisfaction from them.

Mayor Rodgers said if plumbers did not put the streets in good condition after doing work that no permits would be granted them. Commissioners Martin, Widmayer and Vasconcellos expressed themselves in accord with Mayor Rodgers. It was the sense of the council that a resolution be passed covering the matter and a copy sent to all persons who open streets for the purpose of laying sewers, water and gas mains.

Commissioner Vasconcellos reported that the repairs on the Smith-Vaile pump and the south end station had been completed and the pump was in good running order.

Ordinances for the laying of sidewalks in West Court street, South Clay avenue and North Church street were given a second reading and adopted.

There being no further business the council on motion adjourned.

### AN OLD TIME VEHICLE

Late in the fall of 1864 the writer visited the State School for the Blind and in front of the building where a fine, two horse carriage and a single buggy that had been a stranger to paint, varnish and trimming for some time to say the least. Entering the visitor encountered a few persons in the waiting room, one of them being Jacob Strawn, the cattle king of the west. When the Superintendent, Dr. Joshua Rhoades appeared Mr. Strawn said he would like to see something of the place and the work but didn't wish to make any undue trouble.

Dr. Rhoades replied in the manner peculiar to him.

"The institution is always open to the visits and inspections of any citizen of Illinois."

The writer supposed of course that the fine carriage was the property of Mr. Strawn but judge of his astonishment when the gentleman drove away in the single buggy. Dr. David Strawn says he has that buggy yet and at first was inclined to say it was eighty years old but decided to drop a few years. He says it cost his father \$570 and was bought of John Hall or at the shop later owned by that gentleman and now by his sons. Dr. Strawn says he has had some repairs made to the ancient vehicle and it is good for a hack about yet. For fair weather he uses a spick, span rig which looks as if it had just come from the factory but it is the one his late brother Julius used so long and which he has had completely overhauled, painted, varnished, upholstered till it looks absolutely new.

### INDEPENDENTS WON

**New York 1-6; St. Louis 0-2**  
New York, Sept. 25.—By winning  
another double header from St.  
Louis 1 to 0 and 6 to 2, the New  
York Giants won their twenty first  
straight victory and created a new  
record for successive victories  
smashing the record of the Provi-  
dence Nationals who won twenty  
straight games in 1884.

In the second game, Perritt, a  
former St. Louis pitcher, pitched the  
Giants to the new record over his  
former team mates and struck out  
nine men.  
During the 32 years since Provi-  
dence set the 20 game record, the  
figures have been threatened several  
times by big league clubs but never  
equalled or surpassed until today.  
In 1906 the Chicago American League  
club won 19 in a stretch. The  
New York Giants ran 18 straight in  
1904 and 17 games earlier in the  
present season.

Several minor league clubs have  
exceeded these figures, the best re-  
cord being 27 games by the Corsicana  
club of the Texas league in 1902;  
25 games by the Charlotte club of  
the Carolina league in the same  
year and 24 games by the Jersey  
City club of the Eastern League in  
1905. By winning 21 games straight  
the Giants actually figured in 22  
games because one contest ended in  
a tie and was eliminated from con-  
sideration in computing the winning  
streak. In one respect, however, the  
record does not compare with that  
of the Providence club as Pitcher  
Charley Radbourne twirled the  
Grays to victory in 18 out of the  
20 games won by his club in the  
1884 stretch of conquests.

**A COINCIDENCE**  
In his sermon at State street  
church Sunday Rev. Mr. Wilson  
dwelt on the pathetic account of the  
effects of the famine in Samaria as  
narrated in the latter part of the  
sixth chapter of 11 Kings and re-  
marked that the real heroes of the  
great war were rather the heroic  
mothers, wives daughters and sweet-  
hearts at home.

At the Congregational church Rev.  
R. O. Post quoted from a writer  
who said that history should be  
rewritten and the real heroes of  
war should be named the women  
who at home bore such burdens and  
with such bravery and heroism.

In the estate of Grace A. Maupin  
the sale bill was approved. This  
document showed that the total re-  
ceipts of the recent sale of personal  
property was \$5,349.30.  
In the estate of Charles E. Jones,  
the inventory was approved. The  
same action was taken with refer-  
ence to the appraisement bill. A  
petition was allowed granting an-  
nuity for continuance of the business  
of the deceased.

## ASPHALT WILL BE USED FOR MOUND AVE. PAVING

Improvement Board Made Change in  
Plans After Petition Had Been  
Received From Property Owners.

At a meeting of the Board of  
Local Improvements held at 9 o'clock  
Monday morning a petition was pre-  
sented by Attorney Walter Bellatti  
for the property owners of Mound  
avenue asking for an asphalt pave-  
ment instead of tarvia. The property  
owners signing the petition repre-  
sented 2,200 feet out of a total of  
3,700 feet frontage. After hearing  
the reading of the petition, a short  
recess was taken and a resolution  
prepared to comply with the request  
of the petition. This was adopted  
and will give the residents of Mound  
avenue asphalt instead of tarvia.

Mr. Bellatti prior to the reading  
of the petition said the property  
owners preferred to have sewer and  
water mains laid before the pave-  
ment was put down. Mayor Rodgers  
said that a sewer was already laid  
on Mound avenue and that the water  
main would be laid in the south  
boulevard so that it would not in-  
terfere with the pavement.

**Resolutions Presented.**  
The resolution presented by Mr.  
Bellatti follows:  
"We, the undersigned, owners of  
property abutting upon Mound ave-  
nue, in the city of Jacksonville, be-  
tween Park street and the city limits,  
respectfully protest against the  
proposed improvement of said street  
by paving with tarvia. We desire,  
if a pavement be put down on said  
street, that it be of a more perman-  
ent and substantial character and  
more suited to city traffic than the  
one proposed. We are all opposed  
to tarvia, but would be satisfied  
with either a brick or asphalt pave-  
ment, and, as between the two, our  
respective first choices are as de-  
signed opposite our names below."

George S. Rogerson, 381 feet, as-  
phalt; J. G. Ames, 180 feet, asphalt;  
W. B. Young, 90 feet, asphalt;  
Henry B. Kamm, 150 feet, brick;  
E. S. Greenleaf estate, 100 feet, as-  
phalt; Andrew Kusse, 175 feet, as-  
phalt.

President C. H. Rammelkamp of  
Illinois College was present and  
read the following resolution which  
had been adopted by the board of  
trustees of the college. The college  
has 1,120 feet frontage. The reso-  
lution follows:

"Resolved, That the trustees of  
Illinois college will not oppose the  
paving of Mound avenue, if the pri-  
vate owners of property on said  
street, representing a majority of  
the private frontage, desire such im-  
provement, but we are opposed to  
the paving of said street until water  
mains have been laid therein and  
the ground has been permitted to  
settle for at least nine months."

"In case it shall be desired to  
pave said street after said water  
mains are laid and the ground prop-  
erly settled, then we favor asphalt  
as a material for such pavement,  
and that the president of the col-  
lege and the chairman of the build-  
ings and grounds committee be in-  
structed to represent the college at  
all hearings."

After some informal discussion in  
which the mayor defended tarvia  
pavement, a motion was made by  
Mr. Vasconcellos that the resolution  
changing from tarvia to asphalt be  
adopted. The motion carried by a  
unanimous vote.

## ARRESTED ON CHARGE OF CRUELTY TO ANIMALS

Newton Tribble, Jr., was arrested  
Saturday night by Officers Deatherage  
and Moore on charge of cruelty  
to animals. The warrant was sworn  
out by J. A. Vasconcellos, manager  
of Cherry's livery.

According to Mr. Vasconcellos  
Tribble hired a horse from the liv-  
ery barn Friday morning and drove  
to Beardstown and back. Shortly  
after he returned the animal to the  
barn it died from the hard driving  
it had received. The horse was val-  
ued at \$200, and was one of the  
best horses in the barn. Tribble is  
being held at the police station and  
nothing has yet been done in the  
case. However, it is Mr. Vasconcel-  
los' intention to prosecute the case  
very shortly.

## START RETURN TRIP WEST

Mr. and Mrs. Wilfred K. Smith,  
of Crete, Neb., who have been guests  
of Mr. and Mrs. Ensley Moore, left  
Monday for northern Illinois and  
Chicago, from whence they will re-  
turn home. Saturday Mr. and Mrs.  
Smith went to Jerseyville, which  
was Mr. Smith's former home. They  
were accompanied upon their return  
to Jacksonville by Miss Lulu Barr  
of Jerseyville, who is a guest at the  
home of Dr. W. B. Young on Mound  
avenue. Miss Ainslie Moore accom-  
panied Mr. and Mrs. Smith to  
Springfield Monday.

Mr. and Mrs. Henry of Chandler-  
ville visited the city yesterday and  
went on to call on relatives in and  
near Woodson.

## ASSOCIATED PRESS CORRESPONDENCE

London Sept. 23.—Correspondence  
of the Associated Press)—What will  
be the effect upon future genera-  
tions of the premature aging of mil-  
lions of men now at the battle  
fronts? Army physicians and men  
of science generally are beginning  
to discuss the problem. It is said  
that soldiers ten months in the  
trenches, exposed to the nerve-shat-  
tering shock of shell fire, often  
come out with the appearance of  
ten years having been added to their  
life. A shorter period than this  
often suffices to turn iron gray the  
hair of a boy of 25.

This premature aging is peculiar  
to no one nationality. It is notice-  
able alike along the English and  
French lines and among the prison-  
ers from Germany, Austria and Rus-  
sia. It is said to be perhaps a lit-  
tle more pronounced along the east-  
ern fronts where the vast amount of  
territory involved frequently makes  
neglect of the wounded inevitable.  
There men have lain for days with-  
out medical attention and when fi-  
nally admitted to hospital have given  
their ages as 21 to 27 years, when  
ordinarily they would have been  
classed as 10 to 45.

"We attribute the gray hairs now  
so noticeable everywhere at the front  
to sub-conscious worry," said a Can-  
adian army surgeon in discussing  
the subject with a correspondent of  
The Associated Press. "A man will  
not be conscious of any worry at all,  
whereas this comrades will daily  
comment upon the whitening of his  
hair. I have never known of hair  
actually growing white overnight,  
as the novelists are so fond of put-  
ting it, but it often happens within  
the space of a week or ten days."

"The theory of sub-conscious worry  
was broken out strikingly a short  
time ago in the case of a surgeon  
in charge of a base hospital. This  
hospital was miles back of the firing  
line and there could have been no  
actual worry as to personal safety  
or anything of that sort. The doc-  
tor could not recall any worries of-  
ficially or personally, but all the  
while his sub-conscious mind must  
have been worrying about the folks  
at home or about matters to which  
he gave not the slightest conscious  
consideration."

"The gray hairs come quicker to  
the officers than to the 'Tommys',  
which is again a corroboration of the  
sub-conscious theory. The strain of  
the fighting naturally is greater  
with the officer, altho he may out-  
wardly have the same joyous spirit  
of the man with the gun who goes  
over the parapet with a delighted  
yell when the command is given to  
advance."

"Our nurses, too, frequently, go  
gray without apparent reason for  
mostly they are women of long train-  
ing amid the scenes and sufferings  
of hospital life."

Manila Sept. 23.—What is consid-  
ered by insular health officials as a  
most important discovery, has been  
disclosed by Dr. Schöhl of the gov-  
ernment bureau of science, who has  
been experimenting with guinea  
pigs. His experiments have shown  
that guinea pigs are intermittent  
cholera carriers in that they can be  
inoculated with the cholera germ  
and later will throw off the germ.  
Then without further inoculation, a  
feeding of bile brings back the cholera  
germ.

These experiments, say local  
health officials, explain remarkable  
conditions which have been found  
to prevail at Bilibid prison, the big  
insular prison in Manila. During  
the slight epidemic of cholera which  
has been affecting several provinces  
of the Islands, inspections at Bilibid  
have discovered cholera carriers  
among prisoners who, on previous  
examination, were found to be nega-  
tive. Cholera infection appeared af-  
terwards when there had been no  
possibility of their exposure to the  
disease.

Cholera carriers are a big prob-  
lem in the Philippines, and thru Dr.  
Schöhl's discovery, local health of-  
ficials hope to be able to solve the  
problem of effectually killing the  
propensity of certain individuals to  
harbor the deadly germs.

## WILL REMODEL HOME JUST PURCHASED

A deed was placed on record yester-  
day showing that L. A. Barnhart  
has purchased the property on S.  
Main street known as the Simmons  
home. The deed was made by Mr.  
and Mrs. W. H. D. Meier, now liv-  
ing at Middlesex, Mass. Mr. Barn-  
hart has already commenced the  
work of remodeling the property.

## RETURN FROM WEST

Mrs. H. O. Arter, daughters Irene  
and Annabel and son Albert returned  
recently from Powder River,  
Wyo., where they have spent some  
time with Mr. Arter. Some months  
ago Mr. Arter was sent to Powder  
River by the Burlington to superin-  
tend the construction of a great con-  
crete bridge there. While in the  
west Mrs. Arter spent some time  
with her mother at Portland, Ore.

The Misses Duffner of East Mor-

SUNDAY WAS EVENTFUL DAY  
IN MANY COUNTY CHURCHES

Union Church and Central Christian Church Have Home Comings—New Methodist Ministers Here.

Sunday was an eventful day in the churches of Jacksonville and Morgan county. Two churches Central Christian and Union Baptist at Pisgah, held all day meetings and home comings. The Congregational church and Northminster observed rally day in their Sunday schools. A number of the Methodist churches welcomed new ministers. Sunday marking the first sermons of Rev. E. L. Fletcher at Centenary church; Rev. O. E. Johnson at Alexander M. E. church; Rev. J. N. Jerman, at Franklin M. E. church; Rev. W. H. McGhee at Murrayville M. E. church; the Rev. George T. Wetzel at Helron and Shiloh churches and the Rev. J. O. Kirkpatrick at the churches of West Jacksonville circuit.

Two hundred and seventy five people partook of a bountiful picnic dinner at the second annual homecoming of Central Christian church. Annual promotion day exercises were held at the Sunday school hour and at the forenoon service the Rev. Myron L. Pontius, the pastor, talked especially to children, taking as his subject, "Voices of God." Two hours were given for the picnic dinner, which was served on long tables in the church parlors, and after this the audience assembled in the auditorium to hear an address by Dr. R. O. Post, pastor of the Congregational church, who gave a most interesting talk on the "Passion Play at Oberammergau, witnessed by Dr. Post several years ago. A large audience greeted the pastor at the evening service, when Rev. Mr. Pontius delivered a forceful sermon on "The Social Program of Jesus." A quartet composed of Mrs. Genevieve Clark Wilson, Mrs. Abe Wehl, Robert Boyd and William Tucker furnished music.

At Union Baptist church the meeting was held in connection with the revival series being conducted by the pastor, Rev. F. M. Crabtree. Friends in the community joined with the church membership and a large number was present for the three services, held at 11, 2 and 8 o'clock. The basket dinner was served on tables on the church lawn. The meetings under the leadership of Rev. Mr. Crabtree are progressing with excellent interest and Rev. Crabtree is proving himself a minister of special earnestness. J. T. Berry is leading the singing for the meetings, with Mrs. Mary Ansmus at the piano.

At Jacksonville Congregational church attendance was good at the Sunday school for a special rally day service. A short program was presented by the Sunday school pupils and all who attended were well pleased with the exercises.

At Westminster Presbyterian church Sunday was observed as a day of social visitation. Sixteen teams of two members each were appointed by Rev. E. B. Landis, who spoke at the morning service on the theme, "My Church." The entire membership indicated by a rising vote their earnest intention to support the church work and the service was brought to a close with a prayer of consecration by the pastor. The teams made their rounds in the afternoon and at each home called upon made announcement of the rally day service next Sunday. The entire week is a rally week at Westminster church, to be closed with communion service next Sunday. Several of the teams which did not finish the work of visitation Sunday will complete it during the week.

Rally day at Northminster church was a big success and a large attendance was present at each of the services. "What Is Yours" was topic of a special sermon to the children by the pastor, Rev. Walter E. Spooner, and the sermon was followed by the regular communion service. Attendance at this combined Sunday school and church service was 341. There was a special program at the Christian Endeavor service and in the evening the pastor spoke to a good sized audience on the subject, "Water to Swim in," an address which was well received.

Rev. Mr. Johnson, who spoke for the first time at Alexander, was transferred from the Nebraska conference. He made the trip in an Overland car, completing the journey without mishap and arriving fully prepared to take charge of the work at Alexander and at Island Grove.

Rev. Mr. Fletcher is a speaker of force and directness and the congregation of Centenary church were well pleased at his first appearance Sunday. The Rev. and Mrs. G. W. Flagg, who since the close of Rev. Mr. Flagg's pastorate have been visiting relatives of Mrs. Flagg, have gone to their new home in Charleston.

The vice presidents will act in the work of the coming year were committees on program, literature, membership and social activities.

## Keefe-McBride Marriage Announced

The wedding of Miss Helen McBride and Mr. Eugene H. Keefe will be solemnized Thursday, Oct. 12, according to word made known Monday evening at a clever announcement party given by Miss Susie McBride, sister of the bride-to-be, at her home, 1248 South East street. Seven o'clock dinner was served to twelve immediate friends. Pink and white were the colors used. The announcement was made in a novel manner. The initials "K" and "M" were formed in gilt and these were affixed to the petals of a pink rose, the stem of which was passed thru a wedding ring. The evening hours were spent in games and in social conversation.

Both young people are well known in Jacksonville and both will receive the best wishes of friends in large number. The bride is the daughter of Mrs. Margaret McBride and has always made this city her home. The prospective groom is the son of Mr. and Mrs. Charles Keefe and has resided in Jacksonville for the past several years.

## Miss McCarty Hostess to Faithful Followers.

Miss Adelaide McCarty entertained Monday evening at her home, 774 East College avenue, the members of the Faithful Followers' class of Central Christian church, of which she is teacher. The event was a farewell for Miss Florence Clement, who expects soon to leave the city. Games and music were enjoyed and the evening was spent in pleasant manner throughout. Miss Clement was presented a handsome book as a token of remembrance and when gift was bestowed fitting remarks were made by the class president, Miss Mabel Ruyle. During the evening the hostess served pleasing refreshments.

## Monday Club Observes Eleventh Anniversary.

Mrs. W. D. Doying, 611 West College street, entertained the Monday club for the first meeting this season Monday afternoon, observing thereby the eleventh anniversary of the founding of the club. In the membership of twelve there are included seven charter members. The afternoon hours were spent in playing bridge.

## Mrs. O. F. Buft Luncheon Hostess for Monday Conversation Club.

Members of the Monday Conversation club were luncheon guests Monday of Mrs. O. F. Buft, president of the club, at the Dunlap. Luncheon was served at 1 o'clock and all the appointments were of an attractive kind. The floral decorations were in keeping with the season of the year and the menu was excellent.

Following the luncheon adjournment was taken to the parlors of the hotel, where the program of the afternoon was carried out. Miss Mary Johnson presented "Fathers of the Constitution." She was assisted by Miss Mary Anderson and Mrs. W. A. Fay, and afterward there was a general discussion in which most of the club members took part. The club was especially glad to welcome back Mrs. W. S. Jones after an absence of a year in California.

The company yesterday included Mrs. O. F. Buft, Mrs. F. H. Rowe, Mrs. M. F. Dunlap, Miss Mothershead, Miss Della Dimmitt, Mrs. W. S. Jones, Mrs. E. W. Bassett, Miss Idella Walton, Mrs. H. V. Stearns, Mrs. W. A. Fay, Miss Mary Anderson, Miss Janette Powell, Miss Lillian Davis, Miss Millicent Rowe, Miss Mary Johnston and Miss Phoebe Dummer.

## ATTENDED FUNERAL

Elmer and Duffray Jones of Chicago were here Sunday to attend the funeral of their sister, Mrs. Mamie Stewart. There were present also Mrs. Alice Bigelow of Chicago, Mrs. Isaac Jones and Miss Helen Jones of St. Louis, Mo.

A Perfect Dependable, Economical, Wood  
Coal and Gas Range

## The Three-in-one Majestic

The combination coal, wood and gas Range without too much mechanism; no levers to turn or twist—to get out of whack or be mis-handled.

It is the simplicity of the Majestic Combination that has made it so popular. Not a thing to change in your oven—just turn on the gas. Can be attached to your own Majestic and heat your reservoir (if its on the back end of your range.)

\$7.50

This gas attachment on a new Range is \$7.50. On an old Range \$7.50 plus the time of attaching.

## Renowned Gas Saver Burner

Mixes 40 to 50 volumes of air with one volume of Gas.

REMEMBER—only three gas burners used to heat the entire top, oven and reservoir, and they burn less gas than the top burners only of an ordinary gas Range. The same burners that heat the top heat the oven and reservoir.

AND FINDINGS

#### Y. M. C. A. NEWS

Ex-President Taft, who has spoken at Association Building Openings and Cornerstone Layings from Shanghai to St. Paul, says that, "No problem in our whole social life is more difficult than that presented to one who wishes to give money to aid his fellow-man without doing him more injury than good. The instances of ill advised generosity are as many, almost, as the instances of ill-advised investments. And when we find an institution which has worked out the problem of materially aiding our fellow men in the struggles of life without injuring their self respect and without discouraging their self support toward better things, we have something that we should certainly prize."

A great Christian Association club established in an adequate building, will keep men from drinking, gambling and other frons of vice, by offering them an opportunity to spend their unoccupied hours in a home atmosphere, surrounded by the best influences.

The Young Men's Christian Association has come to be recognized as a powerful and necessary factor, both in business and governmental matters.

Interest is growing in the billiard room. A tournament will be scheduled for those who enjoy the game. See Mr. Recker about signing up for this event.

A call has already come in for the service of the Gospel team which is being organized. This is a real opportunity to mix pleasure and service in a helpful way.

Plans are under way for the Sunday afternoon meetings and the various Bible classes. Those who are interested in this work should see the secretary at an early date.

Watch out for that volley ball game that is to be pulled off this week. Some fellows thank a new ball will help win a game. Come around and see our new Gym and become enthusiastic.

The membership campaign opens up next week, now is the time to get that prospective member lined up. Bring him over and we will give him a trial to prove your statements—that he needs your friend gym.

Next Monday evening will be the Openhouse and Reception. Bring your friends around and see the Y. M. C. A. as it is. We will all be glad to meet you and your friends.

#### MINISTERIAL ASSOCIATION HOLDS ANNUAL ELECTION.

Rev. W. W. Theobald Chosen President—Oct. 1 Will be Y. M. C. A. Sunday.

At a meeting of the Jacksonville Ministerial association held at the Y. M. C. A. Monday morning officers were chosen for the year. They are as follows:

President—W. W. Theobald. Vice-President—E. B. Landis. Secretary-Treasurer—J. S. Findley.

It was decided that pastors in the various churches will join in observing Y. M. C. A. Sunday, October 1, and at that time all of the pastors are to preach sermons relative to the importance of Y. M. C. A. work.

A committee was appointed to arrange for filling the ministerial appointments at the state hospital. It has been the custom of Jacksonville ministers to take turns in holding meetings at the state hospital on Sunday afternoons. A reception for the Rev. A. A. Todd is being planned for Monday evening, October 2, and the ministers by common consent signified their intention of attending. The Rev. M. L. Pontius, president of last year, was in the chair and called the meeting to order.

#### WILLIAM SWITZER INJURED IN AUTO ACCIDENT SUNDAY

Is at Our Savior's Hospital With Fractured Shoulder—Wheel of Car Was Crushed as It Left Concrete Road.

An unfortunate automobile accident took place on the concrete road Sunday afternoon just west of the residence of Thomas H. Buckthorpe in which Wm. Switzer suffered a fractured shoulder and a badly damaged automobile. His son in law, Albert Elliott, was driving the car which was a Ford and in it were Mr. Switzer, Jesse Woodall and little son Warren and Herman Martin of Winchester.

As the Ford was going west at a rapid rate down the grade a buggy and behind it the car of J. Marshall Miller were seen coming. Mr. Miller's son at the wheel. According to the statement of Mr. Elliott who was driving the Switzer car, the three vehicles met at the same place and Mr. Miller was passing the buggy just as the Switzer car appeared bringing the three abreast at the same time. Mr. Elliott says he turned off the concrete drive to avoid a collision as there was but a few inches between his car and that of Mr. Miller. He says he ran fifty yards with two wheels off the concrete and striking a depression in the ground as he tried to turn on to the concrete a wheel was crushed and the car turned over.

On one but Mr. Switzer was hurt tho the others were well shaken up. He was brought to Our Savior's hospital and later taken to his home on West Morgan street and last evening he was resting as easily as could be expected.

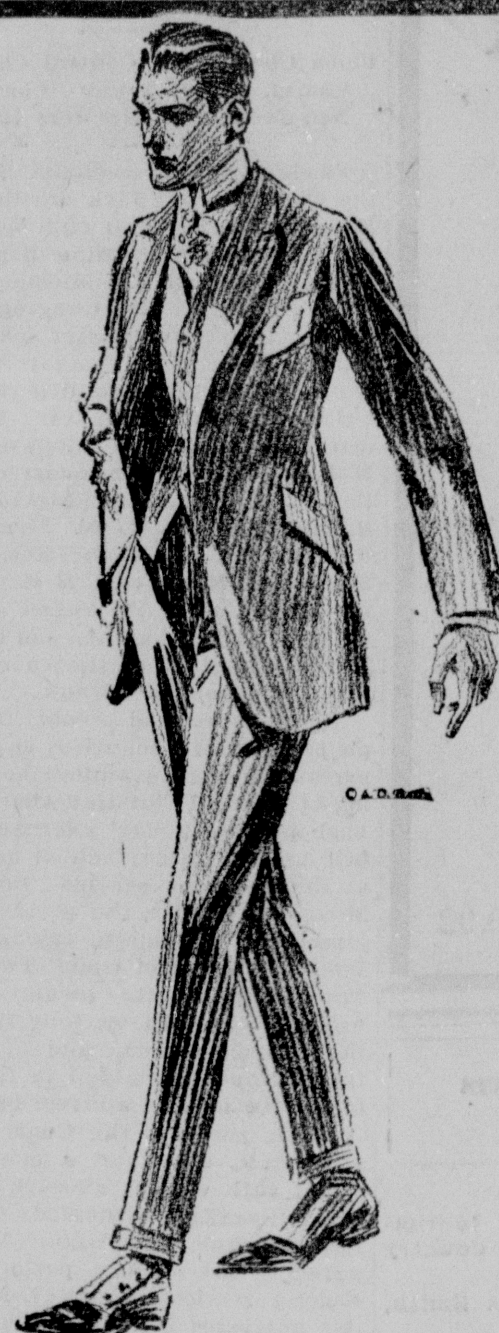

Mr. Miller took all but Mr. Elliott back to the city. Mr. Elliott remained with the car and Thos. H. Buckthorpe kindly did all in his power to aid and had the car taken into his premises an later it was brought to the city.

Mr. Miller's account of the accident differs somewhat from that of Mr. Elliott as he says that there was fully four or five feet between his car and the one Mr. Elliott was driving when they passed.
